1	5		4		3	Morning was ok, however afternoon was a little condescending for trained people. Not always applicable to working in POS? (It is not a controlled area like a school!)	4	Good to network	
2	5	Good	4		3	Microphone inadequate. Mostly good but needed a flag to speak into mic in correct direction (someone from the floor needed to do this)	5

17	5	Excellent venue, good facilities, easy to get to	5	Good variety, vegetarian options	4	Good variety. It would have been useful for presenters to have some slides & the lists discussed to be available	5	Great to share & hear what others are doing and to network	No mention of the 'community trigger' under new ASB legislation, how this will be monitored for open spaces and possible impacts. My personal thoughts are that it will increase accountability & give indication if ASB powers are working appropriately.
18	5	Excellent central position	5	Excellent & tasty	5	Very good & informative. Must pass on contacts	5

23	4	Air con too enthusiastic - a bit drafty and noisy	5	Very good quality food	4	Afternoon session a bit 1970's but still thought provoking	4	Good for networking	
24	4		4	Tasty, healthy but could have been more choices	4		4	Networking was excellent	Buddying up different parks. More discussion about needs.

28	5		5		5		5	Very interesting afternoon - taught me a bit!! I'm too much of a shark!	Please have wildlife people here - would have been interesting. Surprised no mention as to whether reduced park keepers have affected parks & open spaces
